GLENDOWNVILLE vs. MACLEOD

Glendownville baseball jugglers to play Macleod at 6:30 sharp on Friday, July 27th, on the Macleod diamond. The Glendownville lads are playing pretty good ball and a good game should be the outcome. Don't miss being on hand to see J. F. McLaren in his best form as catcher for this game.

ORTON—MACLEOD

Joe's Colts visited Orton on Tuesday evening and engaged the Orton Wizards in a battle royal. The score was Macleod 6, Orton 2. After the smoke of battle had cleared away a feature of the game was Kirk's home-run. There was a good crowd in attendance.

The New Band

Not everyone knows that here in Macleod we have a newly organized brass band. For some weeks the members of this band, some twenty-eight in number, and most of whom are young men residing in town, have been practicing diligently twice a week under the able leadership of Mr. J. E. Edgar, of Allenfield, who is

organizing the band. The band is now in the hands of a very competent leader, and it is hoped that it will be a very attractive one. The band will provide music during the afternoon. It is to be hoped the townpeople will turn out in masses on the date set and thus encourage the members of the new brass band to make the organization the success it should be a well live band being recognized as a decided asset to any town in these advanced times.

Macleod Fair Entries Great

Secretary Gardiner informs us that he is busy day and night receiving and recording entries of all descriptions for Macleod's Big Fair to be held Wednesday and Thursday, August 4th and 5th. Judging by the influx of entries the Big Fair this year will far surpass any ever held in Macleod. In connection with the Big Midway, it is an unfortunate

fact that the advertising posters for same have been delayed, but while publicity is thereby momentarily held up, the fact remains that the Midway features will this year appear in magnitude and interest those of any former year and will apart from all else be well worth the price of admission. Included in these attractions are the balloon ascensions and aerial trapeze performances, taking place at intervals each day. Speaking of the prospects for entries in live stock, Mr. Gardiner states he has had enquiries this year from a great number of prospective exhibitors who have not hitherto taken any interest in the Macleod Fair, and he believes live stock entries will be exceeded those of any previous Macleod Exhibitions.

Canada Faces the Future With Confidence

CANADIANS have always been noted for courage, optimism and faith in their country.

Canada was not built up by pessimists, nor will Canada continue to develop if her people allow themselves to become croakers and criers. Canada is fundamentally an agricultural country. We have a soil and climate which can grow the world's finest agricultural products.

Canadian farmers who have earned the capital invested in their farms out of profits in farming are numbered in thousands. These successful farmers have paid off their mortgages, stocked their barns and stables, bought their machinery, made a good living and brought up their families. It meant hard work, but they are independent.

Money in Mixed Farming

In recent years, at different points on the prairie, oats fed to steers have brought from 70c to \$1.07 as against the Fort William price of 42c per bushel, while barley used for the same purpose has brought as high as 95c as against the Fort William price of 55c per bushel. Farmers marketing their coarse grains in this way lower marketing cost, have a sure market and make money on their grain, while at the same time they market their roughage, otherwise often wasted. The cattle embargo is now off. Steers are worth more money and capable of making good money for the Canadian farmer from now on.

Money in Pigs

The Dominion Experimental Farms have proved by actual test that there is a profit in feeding pigs. Last year at the Central Farm, Ottawa, after paying

for feed, labor, interest and depreciation, the net profit per pig was still \$4.63.

Profits from Sheep

As money-makers, sheep are hard to beat. In every Province, from Prince Edward Island to British Columbia are found many flocks returning generous profits to their owners.

We Must Cut Production Costs

Canada is meeting with the keenest competition in the marketing of her products. To hold her own and regain her place on the world's market, she must reduce cost of production. The only way to do this is to increase production per acre, per cow or per other unit.

But improved quality, also, is essential to meet market demands. The quantity and the quality of the products and the cost of production in competitive countries is beyond our control.

Prices of agricultural products are regulated by world supply and demand.

Hence, increasing production will not help the Canadian farmer.

ade exports need position, but imports to grow seeds for herself and for export.

Poultry Pays

Poultry makes money for those who have modern, modern, modern, whether East or West, what we need is the modern. The British Columbia Co-operative Poultry Men's Exchange markets in the same way, thus saving retailers in their local market.

There is a market for good Canadian horses, whether light or draught.

Grow Seed

Canada's Northern grown seed possesses extra vitality. There is a large market for it to the south. Canada has the opportunity to grow seeds for herself and for export.

The Future

The years from now on the pessimism of today will have been forgotten. Britain has removed the embargo against our cattle, she wants our beef and bacon, our cheese, butter, eggs and apples, our wheat and flour. As the population of the United States increases, she will compete less and less against the British market. Eventually, she will herself be so important to the other food stuffs besides wheat from this country.

Canada has the men, the climate, the land, the stock and the potential market necessary for agricultural success. Let us farm with all the industry and enterprise we can muster. Let us to export and pay our debts. Canada is moving forward with confidence in its future. Let us keep going ahead.

Rev. G. W. Webber of Clatskanie conducted the evening service at the Methodist Church last Sunday, in the absence of Rev. Armstrong, who was in Calgary.

Miss Lulu Scott, Miss Jeanie Carlyle and Miss Evelyn McDonald of Calgary, are guests at the home of Mrs. Phipps, on Twenty-first Street, while visiting in Macleod.

Tommy Drinkwater, who has been spending a couple of weeks visiting his home in Macleod, returned to Calgary last Saturday, where he is a member of the Colonel By Hospital.

In the case of Hember V.S. Creelman & Company, J. L. Fawcett, the defendant's solicitor has filed an appeal from judgment of His Honor Judge A. M. McDonald. The appeal will probably be heard before the Appellate Court, in September, at Calgary. J. D. Matheson for defendant.

Eight boys, accompanied by the principals of the Layman High school of Calgary, who were in Macleod on Wednesday morning on their way to the annual National Pageant. E. L. Riehl, 18 miles west of Macleod, was taken on a motor trip last day some excellent samples of this year's fertility in agricultural products. One bushel of fall wheat measured 11 1/2 inches and is a fair sample of the 18 acre field. A bushel of corn averaged 18 1/2 inches and a bushel of soybeans 18 1/2 inches. The sweet clover, from a 15 acre field

among the Canadian Indians. With the exception of a few older people none of these were Indians, but all are clothed in the white man's apparel.

The races opened by the chief visiting the reserve. The first race was one for speed, then came the real races, in which every horse did his best, and were urged on by the whip of the riders.

The riding of calves, bulling and catching the wild steer was better than any seen at the big fairs. The riding of the bucking horses was the best that has been in Alberta since they had come over the border during the stampede.

Later they had the boys' race which proved the coming riders, as the boy who won is only nine years old. The square race was indeed interesting, as it brought out the older women, then the trotting race which was one of the past history of these Indians.

A buggy race, with a team of horses in a buggy drove the track one, with the rule that the winner must trot only, and that all the way. Foot races were not quite so exciting as the horse race, but created a lot of fun for the big crowd.

WILL MAINTAIN PRESBYTERIAN CHURCH FROM COAST TO COAST

Port Arthur, June.—The federal sub-executive of the Presbyterian Church association states that the general assembly of that body representing all the provinces, will be held in the summer of 1924. In the meantime they have the following statement:

The general assembly has passed union resolution and is taking the necessary steps to get the necessary legal consent that assembly action is beyond its powers. We believe that no body of men, however constituted, has the right to put an end to the Presbyterian church.

But we are not taking any action against our judgment, and in humble dependence upon Almighty God, we are pressing forward with our purpose continuing the church of our fathers. We call upon all the members of the church to stand firm.

REACH & COMPANY, LTD.
DRY GOODS, BOOTS & SHOES, CLOTHING, ETC.
GROCERIES AND PROVISIONS

Now is the month of plenty. A profusion of everything. You only want the money and the appetite, we will give you the rest. Salads of all descriptions are cluttering the store. Fruits are coming in freely. The old reliable year round, such as oranges, apples, bananas, and other kinds you can always get. Raspberries and strawberries for preserving are good and plentiful, and you had better place your orders for cherries and apricots to make yourselves secure in getting the pick of the market.

DRY GOODS, BOOTS AND SHOES

show a feverish desire to cut prices and give you special sales. To ease the tightness of the market we give you special sales all the time in our windows. Last week it was our desire to clear out all the women's high-cut white canvas Balmora's in stock. On every pair we save a dollar on cost—not the selling price. A high-cut boot in a pair of shoes preserve your hose, keeps the dust out, and with a short skirt will attract the attention of the curious, who will comment on the low Oxford, and say, "Give me the high-cut boot on a pretty shaped ankle and leg every time." We have lots of odd lines in leather boots and shoes clearing out at cost. Odd lines of hosiery. To encourage the cash we give you 10% off. What we have often come cheaper than a department store, but there are times when you have to send for goods that a merchant in a poor community cannot afford to stock.
